

THINK VISUALIZATION

SMART CITY OPERATIONS MANAGEMENT

We provide efficient
Smart City Operations Management
for CISCO Smart Cities.

OPERATIONS MANAGEMENT

SMART CITIES

WHAT IS A SMART CITY

A Smart City brings together Government, Industry, Transportation, Utilities, Security, and Consumers Lives. It unifies city operations, applications across government sectors, infrastructure, and consumers lifestyles in a far reaching network by making full use of communication systems, information management, applications, cloud computing, integrated data, wireless data, video monitoring, data networks, sensor data and IoT.

SMART CITIES DELIVER

Today Smart Cities deliver stable operations management, integrated operations across government departments and boost consumer confidence amongst both the city departments and the citizens they serve.

TURN ON THE LIGHT BULB

SMART CITIES

N3N Smart Cities Solution

We use the power of patented real-time visualization technology to help Smart Cities locate and solve problems in their IT Operations, Applications, Infrastructure and Business Systems via a Single-Pane-of-Glass.

At N3N we build software that

makes people's lives better by providing effective operations management software which monitors, detects and predicts issues as easy as turning on a light switch.

Everyday we monitor billions of pieces of data for global brands around the world including:

Cisco, Hyundai, LG, Samsung, POSCO, KIA, Comcast and more...

SMART CITIES + IoT

SMART CITIES + INTERNET OF THINGS

The next generation of cities will need to deliver on the changing environment of the world. As consumer expectations change so will the needs of cities and the systems that run their operations. With tomorrow's cities coming online today there is an increasing importance placed on finding a balance between lifestyles and economics to the global environment.

N3N DELIVERS

The World's #1 IoT
Visualization Solution

IOT

Utilizing IoT Throughout

a Smart Cities infrastructure leads to better control of a city's overall operations and internally delivers on the promise of improved services to all citizens of the city.
